

Before doing any changes, everything is OK:

The screenshot shows a Windows Internet Explorer window with the title "Groups - Windows Internet Explorer". The URL in the address bar is <http://partner01/vaultservice/admin/Groups.aspx>. The browser toolbar includes icons for Back, Forward, Stop, Refresh, Home, Help, About, and Logout.

The main content area has a header "Groups" and a sub-header "SourceCode Control Admin". A message "You are logged in as: admin" is displayed. On the left, there is a sidebar with "Server Settings" and "Source Control Repositories" sections. The "Server Settings" section lists: - Users, - Groups, - Licenses, - Licenses, - Email Settings, - Advanced Settings, - Backup/Restore. The "Source Control Repositories" section lists: - Default Repository Settings..., - Capella..., - DP..., - FleetBrowser..., - Neptune..., - Polaris..., - SeaView..., - SMS..., - Sprint..., - Test..., - Visual 3D... .

The main table displays a list of groups with columns: Group, Owner, Description, Access Rights, and Delete. The data is as follows:

Group	Owner	Description	Access Rights	Delete
Admin	Global	Administrator group	Overview	
DP_Admin	DP	Administrators of SMS repository	Overview	
DP_Users	DP	Users with access to DP repository	Overview	
FleetBrowser_Admin	FleetBrowser	Administrators of FleetBrowser repository	Overview	
FleetBrowser_Users	FleetBrowser	Users of FleetBrowser repository	Overview	
ICB Polaris_Users	Global	Have restricted access to Polaris source	Overview	
KM Polaris_Octopus_Users	Global		Overview	
KM Polaris_Visual_Users	Global		Overview	
SeaView_Admin	SeaView	Administrators of SeaView repository	Overview	
SeaView_Users	SeaView	Users with access to SeaView repository	Overview	
SMS_Admin	SMS	Administrators of SMS repository	Overview	
SMS_Builder	SMS	Builder user with full access to SMS Repository	Overview	
Spirit_Admin	Spirit	Administrators of Sprint repository	Overview	
Spirit_Builder	Spirit	Builder user with full access	Overview	
Spirit_ICB_Users	Spirit	ICB users with access to Sprint repository	Overview	
Spirit_KM_Users	Spirit	KM users with access to spirit repository	Overview	
Visual_3D_Admin	Visual 3D	Administrators of Visual 3D repository	Overview	
Visual_3D_Users	Visual 3D	Users with access to Visual 3D repository	Overview	

Added a local group to my “Polaris” repository:

The screenshot shows a Windows Internet Explorer window titled "Groups - Polaris". The URL is <http://partner01/vaultservice/admin/Groups.aspx?repid=5>. The browser toolbar includes Back, Forward, Stop, Refresh, Home, Help, About, and Logout. The menu bar has File, Edit, View, Insert, Format, Tools, and Help.

The main content area has a header "Groups - Polaris" and a sub-header "You are logged in as: admin". On the left, there's a sidebar with "Server Settings" and "Source Control Repositories" sections. The "Server Settings" section includes links for Users, Groups, Licenses, Logging, Email Settings, Advanced Settings, Backup/Restore, and more. The "Source Control Repositories" section includes Default Repository Settings, Capella..., DP..., FleetBrowser..., Neptune..., Polaris: (with sub-links for Groups, Repository Access, Folder Security, Undo Check Out, Obliterate, File Types, Keyword Expansion, Shadow Folders), SeaView..., SMS..., Spirit..., Test..., and Visual 3D... .

The right side displays a table of groups:

Group	Owner	Description	Delete
Admin	Global	Administrator group	[Delete]
ICB Polaris Users	Global	Have restricted access to Polaris source	[Delete]
KM Polaris Octopus Users	Global		[Delete]
KM Polaris Visual Users	Global		[Delete]
Polaris Users	Polaris	Users with access to Polaris repository	[Delete]

At the bottom, there's a "Done" button and a status bar showing "Local intranet" and "100%".

Going back to “Server Settings – Group” and all seems to be OK:

The screenshot shows a Windows Internet Explorer window titled "Groups - Windows Internet Explorer". The URL is <http://partner01/vaultservice/admin/Groups.aspx>. The browser toolbar includes Back, Forward, Stop, Refresh, Home, Help, About, and Tools. The address bar shows the current URL. The main content area has a header "Groups" and a sub-header "SourceCode Control Admin". A message "You are logged in as: admin" is displayed. On the left, there is a sidebar with "Server Settings" and "Source Control Repositories" sections. The "Groups" section contains a table with the following data:

Group	Owner	Description	Access Rights	Delete
Admin	Global	Administrator group	Overview	
DP_Admin	DP	Administrators of SMS repository	Overview	
DP_Users	DP	Users with access to DP repository	Overview	
FleetBrowser_Admin	FleetBrowser	Administrators of FleetBrowser repository	Overview	
FleetBrowser_Users	FleetBrowser	Users of FleetBrowser repository	Overview	
ICB Polaris Users	Global	Have restricted access to Polaris source	Overview	
KM Polaris Octopus Users	Global		Overview	
KM Polaris Visual Users	Global		Overview	
Polaris_Users	Polaris	Users with access to Polaris repository	Overview	
SeaView Admin	SeaView	Administrators of SeaView repository	Overview	
SeaView_Users	SeaView	Users with access to SeaView repository	Overview	
SMS_Admin	SMS	Administrators of SMS repository	Overview	
SMS_Builder	SMS	Builder user with full access to SMS Repository	Overview	
Spirit_Admin	Spirit	Administrators of Spirit repository	Overview	
Spirit_Builder	Spirit	Builder user with full access	Overview	
Spirit_ICB_Users	Spirit	ICB users with access to Spirit repository	Overview	
Spirit_KM_Users	Spirit	KM users with access to spirit repository	Overview	
Visual 3D Admin	Visual 3D	Administrators of Visual 3D repository	Overview	
Visual 3D Users	Visual 3D	Users with access to Visual 3D repository	Overview	

Changed description for “Polaris Users” only, still seems to be OK:

The screenshot shows a Windows Internet Explorer window titled "Groups - Windows Internet Explorer". The URL in the address bar is <http://partner01/vaultservice/admin/Groups.aspx>. The browser interface includes standard buttons like Back, Forward, Stop, Refresh, and Home, along with a toolbar for Google search and various browser settings.

The main content area is titled "VALILT" and shows a navigation menu with "SourceCode Control" and "Admin" tabs. The "Admin" tab is selected. A message "You are logged in as: admin" is displayed. On the left, there's a sidebar with "Server Settings" and "Source Control Repositories" sections, each containing several items. The "Groups" section is currently selected.

A table lists groups with columns: Group, Owner, Description, Access Rights, and Delete. The "Description" column for the "Polaris Users" group has been updated to "New description: Users with access to Polaris repository".

Group	Owner	Description	Access Rights	Delete
Admin	Global	Administrator group	Overview	
DP_Admin	DP	Administrators of SMS repository	Overview	
DP_Users	DP	Users with access to DP repository	Overview	
FleetBrowser Admin	FleetBrowser	Administrators of FleetBrowser repository	Overview	
FleetBrowser Users	FleetBrowser	Users of FleetBrowser repository	Overview	
ICB Polaris Users	Global	Have restricted access to Polaris source	Overview	
KM Polaris Octopus Users	Global		Overview	
KM Polaris Visual Users	Global		Overview	
Polaris Users	Polaris	New description: Users with access to Polaris repository	Overview	
SeaView Admin	SeaView	Administrators of SeaView repository	Overview	
SeaView Users	SeaView	Users with access to SeaView repository	Overview	
SMS Admin	SMS	Administrators of SMS repository	Overview	
SMS Builder	SMS	Builder user with full access to SMS Repository	Overview	
Spirit Admin	Spirit	Administrators of Spirit repository	Overview	
Spirit Builder	Spirit	Builder user with full access	Overview	
Spirit ICB Users	Spirit	ICB users with access to Spirit repository	Overview	
Spirit KM Users	Spirit	KM users with access to spirit repository	Overview	
Visual 3D Admin	Visual 3D	Administrators of Visual 3D repository	Overview	
Visual 3D Users	Visual 3D	Users with access to Visual 3D repository	Overview	

Going back to “local” repositories groups, and group name is duplicated:

The screenshot shows a Windows Internet Explorer window titled "Groups - Polaris - Windows Internet Explorer". The URL is <http://partner01/vaultservice/admin/Groups.aspx?repid=5>. The page is titled "Groups - Polaris". On the left, there's a sidebar with "Server Settings" and "Source Control Repositories" sections. The main area displays a table of groups:

Group	Owner	Description	Delete
Admin	Global	Administrator group	X
ICB Polaris Users	Global	Have restricted access to Polaris source	X
KM Polaris Octopus Users	Global		X
KM Polaris Visual Users	Global		X
Polaris Users	Polaris	New description: Users with access to Polaris repository	X
Polaris Users	Polaris	New description: Users with access to Polaris repository	X

I tried to reboot my vault server, but the problem is still visible.
